Hong Kong has a problem with.....

Hong Kong ^{has} many ^sproblem. One of them

is Densely populated and the local is less. Example

In He Wen Tian and Sham Shui Po. Some people no home

can sleep. They will go to McDonald's and bridge

bottom. There are many rich people to buy

a lot of units. ^Ggovernment should build

more units and ^Vlower unit price.

Charity

Good!

If I could pick one charity to help, it would be Hong Kong Red Cross because they help poor people with food and housing. They provide hot food to people who do not have enough food. Poor people have no money not food. The old people and the young people too. In Hong Kong there is very little housing.
