J1 Good manners

14th September, 2017

Today, I saw a old man fall down, then an uncle help him up, after that, I think this is good manners.

One day, I am uncaredful hit people, I'm sorry to tell him, he also used some bad word to call me.

In Hong Kong eat something must use fork and spoon, but India can use hands, but Hong Kong don't do this, our people think that is bad manners!

Fantastic writing! Your examples are very interesting! 🐼
