

Tai Mo Shan

Tai Mo Shan is Hong Kong's highest mountain. You can see the amazing views of the north and west regions of the New Territories from the top of the mountain. You also can see the most beautiful waterfalls named the Ng Tung Chai Waterfalls and the Tai Po Kau Forest. I think it is the most attractive place in Hong Kong.

Ocean Park

Ocean Park is in Aberdeen. You can see shark hall, dolphin show, penguin hall, water park. I think it is the most popular place in Hong Kong.
